SMUMMARY

I am a motivated and detail-oriented Information Technology student currently pursuing a Diploma in IT from Government Polytechnic, Kolhapur. I possess proficiency in programming languages including C, C++, Python, and Core Java, alongside a solid understanding of SQL and NoSQL databases like MySQL and MongoDB. My hands-on project experience in software development and database management has equipped me with practical skills, and I am eager to apply these in a 3-month internship opportunity

SKILLS

- Programming Languages- C, C++, Python, SQL, JavaScript, HTML, CSS.
- Database- MySQL, MongoDB

PROJECTS
